

BookBook for iPhone

all-in-one vintage case + wallet for iPhone 5/5s

An iPhone case and wallet rolled into one.

BookBook for iPhone 5/5s is the latest installment in our library of BookBooks. This hybrid wallet and iPhone case mimics a pocket-sized, vintage book. Open the beautifully-designed leather book and you'll see a wallet on the left and a leather wrapped frame that securely holds your iPhone on the right. Transfer your iPhone and the items in your wallet to this genuine leather book and you'll have one less thing in your pocket or purse when you walk out the door. And, as long as you remember your phone, you'll never forget your wallet again.

Key facts:

- Handmade, genuine leather case protects iPhone with style
- Includes wallet pockets for ID, cards and cash
- Unique book design disguises iPhone for added security
- Camera hole allows easy access to iPhone's iSight camera
