

Inspire

Mac Candle No. 2

Inspiration comes from a multitude of places, but for Twelve South's Creative Director there is one consistent source, Apple.

Their constant innovation drives us to create the ultimate accessories for our customers to get the most from their Apple hardware. In celebration of the 10-year anniversary of iPhone, agreeably one of the most inspiring products to ever come to market, we would like to introduce the 2017 must-have holiday gift, Inspire – Mac Candle No. 2. This year's scent features strong notes of bergamot and grapefruit with hints of herbaceous flowers and citrus – all of which can help clear the mind of clutter and stimulate creativity. 9.5 ounce candle has a burn time of 60-70 hours.

Let the Mac Candle No. 2 Inspire you to greatness.
