

## PlugBug Duo

Dual USB Charger + MacBook Global Adapter

**Charge your MacBook + iPad and iPhone simultaneously from one outlet.**

PlugBug Duo is a dual, 12-watt USB charger that snaps onto the back of any MacBook Power Adapter, including USB-C and iPad Power Adapters. This must-have accessory is a way to reclaim the missing USB ports on the newest MacBook and MacBook Pro models. PlugBug Duo includes five international snap-on plugs and doubles as an international, stand-alone USB charger for iPhone, iPad or Apple Watch.

### Key facts:

- Creates all-in-one charger for MacBook and two additional USB powered devices including iPad, iPhone and Apple Watch
- 2.1 Amp USB charger provides fast charge to iPad or iPhone
- Includes five AC plugs to convert a MacBook charger to fit most global electrical outlets
- Works with Apple MagSafe + USB-C Power Adapters and any USB charging cable (not included)
