

PowerPic Wireless Charger

The picture frame that wirelessly charges your phone

PowerPic is a picture perfect way to wirelessly charge your phone.

Looking for a wireless phone charger that looks perfectly natural in your home or office? Feast your eyes on PowerPic, the picture frame that wirelessly charges your phone. PowerPic has a fast-charging Qi charger hidden inside. Just set any phone that can be charged wirelessly against the photo to begin charging. PowerPic even works with phone cases up to 3mm thick. The contemporary frame is made of New Zealand Pine and holds any 5" x 7" photo. PowerPic is, hands down, the best looking wireless phone charger that you'll never see.

Why you'll get a charge out of seeing PowerPic:

- Works with any Qi-enabled smartphone
- Qi-certified fast charger delivers up to 10W wireless power
- Wirelessly charges through most phone cases up to 3mm thick
- New Zealand pine picture frame holds any 5" x 7" photo
- Available in Black or White to match any decor
